BRIGHTER STARTS HERE

JOIN OUR IT TEAM AND HELP CREATE
A LOW CARBON, SUSTAINABLE FUTURE.

APPLY NOW

Our IT Project Delivery team is responsible for the planning, design and delivery of all IT related projects for ESB Group. Project Management is a key enabler for ESB's ambitions to transform its businesses, and a career with us will provide a great opportunity for personal development and achievement in a face paced, collaborative environment. You will also gain a greater understanding of ESB' diverse range of businesses, how they operate and the challenges they face.

IT Project Manager

As Project Manager, you will be delegated by the relevant Project Board to manage a project on a day-to-day basis, within agreed constraints and the specified tolerances of scope, time, cost and quality. You will be responsible for the management of the full end-to-end delivery of the project from definition through to execution and transition. The resulting products and/or services should be capable of achieving the benefits as defined in the Business Case.

Key Responsibilities

The Project Manager is responsible for the day to day management of the project in behalf of the Project Board including:

- Prepare initial project documents.
- Prepare and maintain project plan, updating original early stage estimates as required.
- Ensure the required resources are identified and available to the project.
- Maintain project documentation (including Risk Register, Issue Register, Daily Log, etc.).
- Prepare project reports (including Issue Reports, Exception Reports and End Stage Reports as required) to PMO standards.
- Issue reports to agreed schedules to the Project Board and PMO.
- Escalate issues to the Project Board as required, such as deviations from the plan using appropriate Change Control procedures.
- Lead and motivate project team members as required.
- Ensure that all project team functions are carried out either directly or through appointed project team members (including Communications, Change Control and Team Management).
- Delivers an outcome that is capable of achieving the benefits defined in the Business Case, at the appropriate level of quality.
- Manage key stakeholder relationships directly related to project deliverables.
- Proven leadership and effective decision-making capabilities.
- Strong interpersonal and communications skills.

Knowledge, Skills and Experience

Essential

- 7 – 10 years of project management experience delivering medium / large IT projects.
- Experience of industry-standard project management methodologies, specifically Waterfall / PRINCE2.
- Track record in successfully delivering projects to agreed controls.
- Experience of leading a project.
- Self-motivator and problem solver with excellent communications and stakeholder management skills.
- Highly organised planning and time management skills with excellent attention to detail.

Desirable

- PRINCE2 Practitioner Project Management certification
- Certification in Agile project management methodologies such as PRINCE2 Agile and/or SCRUM software development framework would be an advantage.

Qualifications

Essential

- A Third Level qualification in a Computing discipline or equivalent working experience required.

Desirable

- PRINCE2 Practitioner Project Management certification.

Reporting to

- The successful candidate will report either to a Portfolio Manager, Project Delivery, IT Services.

Location

Base Location: Fitzwilliam 27, ESB's new Head Office, Dublin (Smart/Remote Working suitable)

ESB is committed to offering flexibility in ways of working and we call that **Smart Working** – combining digital tools with a culture of trust and empowerment to enable flexible and remote ways of working.

The successful candidate may combine remote / smart working within the jurisdiction (Republic of Ireland), with attendance at base for in-person collaboration, the frequency of which is agreed with the manager and subject to ongoing review.

Further Information

Further information on all our current Digital/Technology/IT related roles, including full job descriptions and information on our Smart Working as well as our new state of the art Head Office Fitzwilliam 27, visit www.esb.ie/careers

In return, we offer excellent career enhancing opportunities where our people can thrive in a fast paced, agile environment by giving them the tools, flexibility and autonomy to deliver on our purpose: leading the transition to a secure, affordable, low-carbon energy future for our customers and communities.

We pride ourselves in the mentoring, training and development offered to staff, as well as our competitive and attractive rewards and benefits package.

We are also offering a once-in-a-generation opportunity to empower our people to work smarter, enjoy the benefits of an inclusive, flexible working culture and significantly reduce carbon emissions through remote and hybrid working.

Closing Date

Closing date for applications is Monday 18th October 2021.
