BRIGHTER STARTS HERE

JOIN OUR IT TEAM AND HELP CREATE
A LOW CARBON, SUSTAINABLE FUTURE.

APPLY NOW

Our IT Project Delivery team is responsible for the planning, design and delivery of all IT related projects for ESB Group. Project Management is a key enabler for ESB's ambitions to transform its businesses, and a career with us will provide a great opportunity for personal development and achievement in a face paced, collaborative environment. You will also gain a greater understanding of ESB' diverse range of businesses, how they operate and the challenges they face.

Technical Delivery Lead

The Technical Lead role is a key role in the delivery of projects in ESB, reporting directly to the Project Manager.

Key Responsibilities

- Work with the Project Manager and relevant IT resources to develop and execute the Technical Project Plan including identifying all deliverables and effort involved in the delivery of same.
- Escalate issues to the Project Manager as required
- Provide input/develop the technical resource plan and overall project plan & timeline.
- Co-ordinate IT teams and other key Stakeholders to complete activities in Design, Build, Test, Cutover to Production and Transition to Support.
- Liaise with other internal ITS teams in diagnosing issues and communicating resolution
- Report work stream status and escalation of risks and issues to the Project Manager.
- Co-ordinate with other external Vendors for project execution.
- Liaise with on-site and off-shore vendor & partner resources.

Manage customer expectations, including key stakeholder relationships directly related to technical project deliverables

Knowledge, Skills and Experience

The role requires a highly motivated and ambitious individual with experience and a proven track record of successful and timely delivery of all technical aspects of projects.

The suitable candidate will have industry and technical experience of delivering large technical and integration projects across a range of technologies and will specialise in at least one of the following areas: SAP, Infrastructure, Digital/Mobile, Business Intelligence, 3rd Party Application integration and/or Trading.

Essential

- Experience working with diverse teams across a large IT organisation to deliver projects.

- Minimum 5 years of experience in IT in a technical role with exposure to many of the following technologies: SAP ERP & IS-U, BI/BW, ABAP, CITRIX / XenApp, VMware, Linux, Windows, Oracle, SQL Server, SharePoint, Office 365, etc .
- Strong troubleshooting, analytical, problem solving skills including working collaboratively with other technical teams to analyse & resolve technical issues and being able to explain and document the issues in easy to understand language
- Self-motivated with ability to manage and prioritise own work.
- Organizational skills - ability to prioritize workload and meet deadlines
- Excellent verbal, written, and communication skills; should be able to communicate effectively to varied audiences changing style and format depending on stakeholder needs
- Proven leadership and effective decision-making capabilities.
- Strong interpersonal and communications skills.
- Demonstrated flexibility and motivational skills
- Ability to work well with customers, suppliers and fellow team members
- Fluency in the English language is a must.

Qualifications

Essential

- Third level qualification in Information Systems, Information Technology or Computer Science or equivalent experience.

Reporting to

- The successful candidate will report either to Project Manager or Portfolio Manager, Project Delivery, IT Services.

Location

Base Location: Fitzwilliam 27, ESB's new Head Office, Dublin (Smart/Remote Working suitable)

ESB is committed to offering flexibility in ways of working and we call that **Smart Working** – combining digital tools with a culture of trust and empowerment to enable flexible and remote ways of working.

The successful candidate may combine remote / smart working within the jurisdiction (Republic of Ireland), with attendance at base for in-person collaboration, the frequency of which is agreed with the manager and subject to ongoing review.

Further Information

Further information on all our current Digital/Technology/IT related roles, including full job descriptions and information on our Smart Working as well as our new state of the art Head Office Fitzwilliam 27, visit www.esb.ie/careers

In return, we offer excellent career enhancing opportunities where our people can thrive in a fast paced, agile environment by giving them the tools, flexibility and autonomy to deliver on our purpose: leading the transition to a secure, affordable, low-carbon energy future for our customers and communities.

We pride ourselves in the mentoring, training and development offered to staff, as well as our competitive and attractive rewards and benefits package.

We are also offering a once-in-a-generation opportunity to empower our people to work smarter, enjoy the benefits of an inclusive, flexible working culture and significantly reduce carbon emissions through remote and hybrid working.

Closing Date

Closing date for applications is Monday 18th October 2021.
