ESB ecars February News: AC Charger Upgrades, New Fast Charger Sites and more

Dear EV Driver,

Thank you for signing up to use the ESB public charging network. As an electric vehicle driver you are part of an exciting transition to a low carbon future for all.

AC (22kW) standard charge point upgrades

Our charge point replacement programme is ongoing and to date we have installed over 120 replacement chargers (22kW AC) at different locations from Carndonagh Co. Donegal to Skibbereen Co. Cork and Westport Co. Mayo to Sutton in Co. Dublin.

A user guide for these new AC charge points is available on our [website](#).

The replacement programme will continue throughout 2020 so keep an eye out for our new-look chargers on your travels.

New Fast (50kW) Multi-Charger Sites

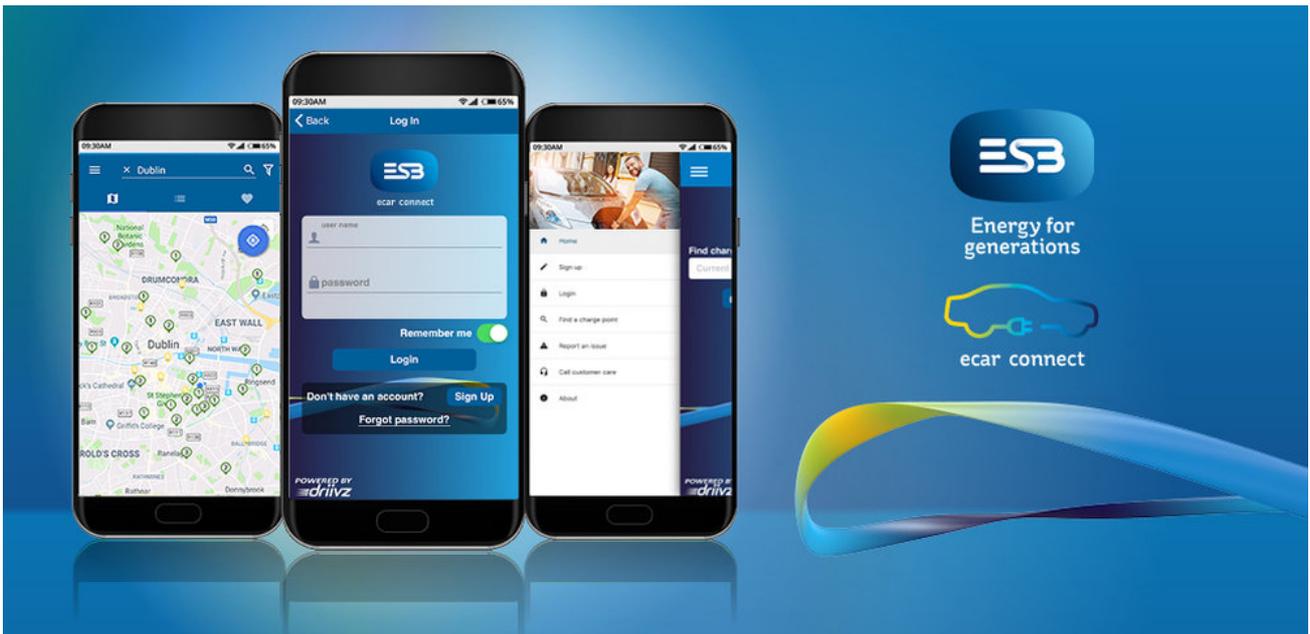

ESB ecars is delighted to announce the installation of two new fast (50kW) charging hubs located at Applegreen, Kilcullen, Co. Kildare and the Galway Plaza, Kiltullagh, Co. Galway. These multi-standard fast chargers can recharge a car up to 80% in as little as 30 minutes depending on the type of electric vehicle (EV) and battery size. Below is a photo of our new-look branding on the Galway Plaza fast chargers. Information on how to charge your electric vehicle using a fast charger can be found [here](#).

ecar connect app

As part of the upgrade of the ESB public charging network in Ireland, we launched an updated ecar connect app free to download from the [Apple App store](#) and [Google Play store](#).

Check out our new [User Guide](#) on how to charge your electric vehicle using the ecar connect app.

EV Etiquette

ESB encourages all electric vehicle drivers to be mindful of driver etiquette when using charge points. Some tips around driver etiquette can be found [here](#).
