

ESB ecars Annual Customer Survey

Dear EV Driver,

Thank you for using our EV charging network throughout the year. As a user of our chargers, we would like to ask you a few short questions about your experience with our service.

It should only take around 5 minutes.

We appreciate your time and feedback; your comments will help us to continually improve our network and service for you.

The survey will be available until 31st of December.

You can complete the survey at the link [here](#).

Have a safe and Merry Christmas from all of us at ESB!
