

Energy for generations

Benefits of driving an electric vehicle

Government incentive of up to €5,000 grant per vehicle and up to €5,000 vehicle registration tax relief.

€120 motor tax band for most electric vehicles.

Government grant of up to €600 towards a home charger.

Nationwide ESB public charging network with 1100 charge points on the island of Ireland.

Reduced running costs

It costs just €4.89 to drive 100km using the ESB public fast charging network – a 27% saving versus a diesel equivalent.*

Electric vehicle drivers with a home charger can save 71% versus a diesel equivalent.*

Save 50% on tolls for battery electric vehicles with higher discounts available across certain toll roads during off peak journeys. Sign up via an approved toll tag provider.

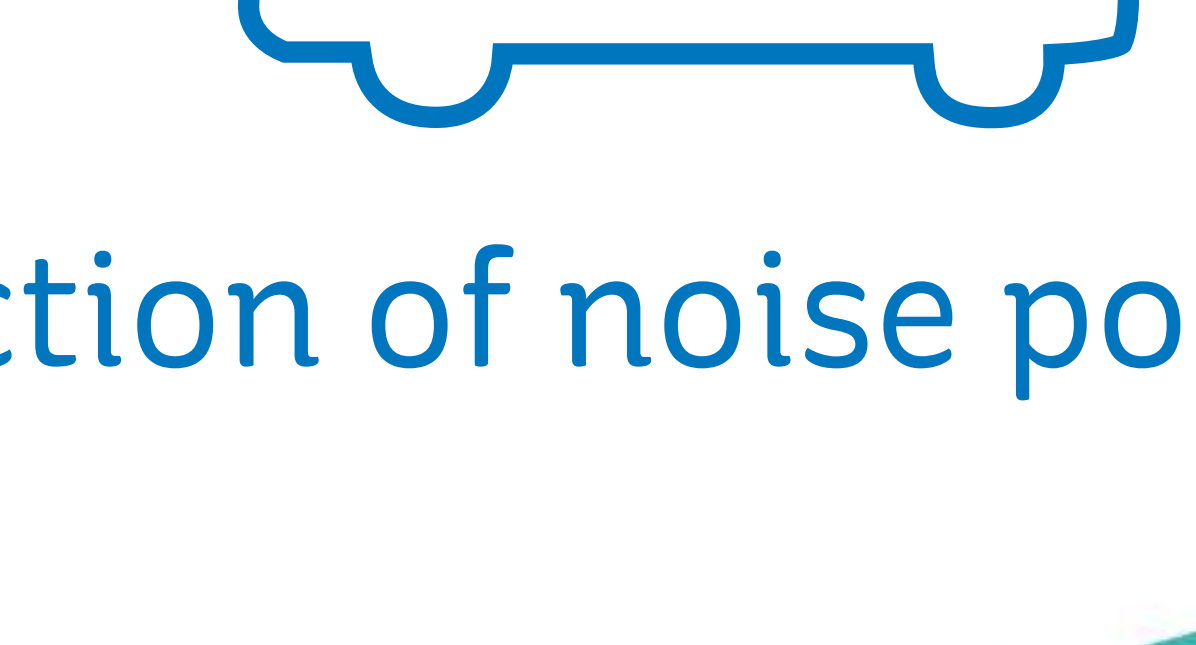

Benefits for society

Significantly reduced air pollution.

Lower CO2 emissions.

Reduction of noise pollution.
