

Information for teachers visiting Ardnacrusha Power Stations

- Worksheets will be available to download from the website in advance of tours
- Our guides may request to take photographs of tour groups for use in press or on social media. Guides will ask permission from the person in charge and will have them sign an image rights' form.
- If you are part of a large group, we need to ensure all your group are accounted for entering and exiting the site. Please provide a list of names for all attending and present to security at site entrance. This list will be disposed of at the end of each day, in accordance with our GDPR guidelines.
- All school groups booking a visit will be met on arrival by a trained tour guide and will participate in an introductory talk on Ardnacrusha and a safety briefing.
- The school/group leader will have overall responsibility for the supervision and conduct of pupils/students during the duration of the visit and should have regard to the health and safety of the group.
- The school/group leader must always remain with their designated group and keep pupils under constant supervision.
- All school/group leaders should be aware that Ardnacrusha is a working generating station and that health and safety is a priority therefore anyone behaving in a way that compromises the health and safety of others, will be asked to leave the site.
- If your school is on social media, we kindly ask that you use our #Ardnacrusha hashtag and tag us at @ESBGroup and of course ESB will give you a retweet/share etc.
