Information for teachers/group leaders planning a visit to Ardnacrusha Power Station, Co Clare

All school groups booking a visit to Ardnacrusha Power Station will be met on arrival by a trained tour guide. A safety briefing and introduction to the station will then be provided.

The school/group leader will have overall responsibility for the supervision and conduct of students during the duration of the visit and should have regard to the health and safety of the group.

The school/group leader will remain with their designated group at all times and keep students under constant supervision.

All school/group leaders should be aware that Ardnacrusha is a working generating station and that health and safety is a priority. Therefore, anyone behaving in a way that compromises the health and safety of others will be asked to leave the site.
